

# The Arundel House of Hope

## *The Patriot House*

### *A Home For Homeless Veterans*

September 2011

1 out of 4 Homeless  
MEN Have Served  
our Country  
in the military

**About the Project:** This new Veterans housing program, the "Patriot House: A Home for Veterans" will be the first and only in Anne Arundel County, is designed to assist Veterans who are homeless with the transition back to independent living. This program has received support from the local, state and federal levels, and is much needed in Anne Arundel County. The program will house up to six Veterans, along with one live-in staff member, and will be handicap accessible. The program will have a strong employment, training, and educational component as well as support services for all other health-related matters. The program will be recovery based and all residents will be required to submit to mandatory drug and alcohol testing. Residents may live in the program for up to two years, with the goal of moving them back to independent living. **We are currently seeking donations to furnish the program which is due to open in November 2011.**
