Success Story - David Hawk

David Hawk moved to The Fouse Center on July 23, 2014. David has found a new way of life through his dedication to his sobriety and religion. Just two days after entering the center, David secured a job as a sanitation engineer. He left every morning at 3am to ride his bicycle to work from 4am-noon. While at The Fouse Center, David spent his afternoons within the fellowship of AA and NA members and he even helped a fellow resident secure a job at the same company for which he worked. David was able to obtain a car from Vehicles for Change in December with the money he saved while a resident at the center and he was also able to procure a better paying job.

We are happy to report that David graduated from the Fouse Center this week. He will be moving into a private apartment with no subsidy, he plans to continue his education to advance in his job and he plans to return to the Fouse Center for NA meetings and to mentor new residents. He currently has 20 months clean and sober and he recognizes his time at The Fouse Center as being a key to his success. David shares "I know I have somewhere to come home to everyday and will have food to eat. I have friends. I have a support system and a new family in recovery. Life is beautiful."

Bid for Hope 2015

THANK YOU to all who came to Bid for Hope 2015. Thanks to those who attended and those who sponsored this event, we raised more than \$50,000 which will go towards our newest program, our Family Housing Program, which aims to address multigenerational issues of homelessness.

What's Next...

Mark your calendars for The Great Give 2015. The Great Give® 2015 is a 36-hr online giving event starting 8:00 am on May 5th. Stay tuned for more details to follow in the coming months....
